

## Hazard Communication Standard Labels

OSHA has updated the requirements for labeling of hazardous chemicals under its Hazard Communication Standard (HCS). As of June 1, 2015, all labels will be required to have pictograms, a signal word, hazard and precautionary statements, the product identifier, and supplier identification. A sample revised HCS label, identifying the required label elements, is shown on the right. Supplemental information can also be provided on the label as needed.

For more information: [www.osha.gov](http://www.osha.gov)

### SAMPLE LABEL

#### PRODUCT IDENTIFIER

**CODE**  
**Product Name**

#### SUPPLIER IDENTIFICATION

**Company Name**
